## Burnett Dam

<b>CLIENT</b>	Burnett Water Pty Ltd
<b>PROJECT LOCATION</b>	Queensland, Australia
<b>DATE OF PROJECT</b>	14/09/2005
<b>SERVICES PROVIDED</b>	<ul style="list-style-type: none"><li>• Engineering Consultancy Services</li></ul>

The Burnett Dam is a 50m high, 1000m long Roller Compacted Concrete (RCC) dam currently under construction in Queensland.

Hydro Tasmania Consulting is part of the Burnett Dam Alliance who were awarded with the design and construction of the Burnett Dam.

Hydro Tasmania Consulting was one of two design partners within the Alliance, undertaking the following tasks:

- Facilitating the Environmental Approvals process
- Undertaking the preliminary and detailed design for the dam and associated works
- Preparing detailed drawings and specifications for construction
- Providing ongoing construction support in regards to the design
- Providing assistance with the procurement process for the mechanical and electrical components of the project.

The project is currently still in progress, completion is planned for the end of 2005.
